

Tasting Menu

Kookin' for Kids is all about providing resources so that St. Vincent Home for Children can fulfill its very special mission of helping children who are hurting to heal. Each year, restaurant owners, managers and servers share their time, talent and FOOD to ensure that our guests have an enjoyable evening. Without them, there would be no Kookin' for Kids!

We gratefully acknowledge the incredible gift provided by these restaurants – many of them having been with us for many years and others new to the list this year. We encourage our guests to help us express our gratitude by visiting these restaurants when they make choices about dining out!
